## Objectives of the 4-H Horse and Pony Project

To develop leadership, initiative, self reliance and sportsmanship.

To experience the pride and responsibility of owning and/or caring for a horse or pony and to learn care, feeding, management, and how to maintain the health of the animal.

To learn safety precautions to prevent injuries to themselves, others, and their animals.

To prepare for citizenship responsibilities by working together in groups and supporting community projects and activities.

To approach horseback riding as a healthy and wholesome form of recreation as well as to gain an appreciation of our conservation and natural resources through horseback riding.

Note: 4-H members are urged to own their own horses, but it is not required. Records should be kept and reports made in accordance with county or area requirements.

### Why Keep Records

When was your horse dewormed? What did your horse eat last month? How much bedding do you use? Careful record keeping helps to answer these and other questions at a moment's notice. Properly kept records will give you a clear picture of what you have done in your horse project work. In fact, at the end of the year, you will have solid facts rather than haphazard "guesstimates".
