

# 2025 SUMMER IRRIGATION WORKSHOP

Join us for an action-packed irrigation workshop! Get hands-on with practical tools to improve irrigation efficiency, explore the mini trade show, and be part of a collaborative roundtable on the future of irrigation in Michigan!

## What you'll learn:

- Know your soil: Hands-on texture testing (**Bring your soil sample!**)
- Precision in action: Experience variable rate irrigation
- Don't guess, Test! Evaluating system uniformity
- Sprinkler selection: What to know before you choose
- Plan, apply, repeat: Practical irrigation scheduling
- Future of Michigan irrigation: A roundtable on challenges and opportunities
- **We'll also have a mini trade show!**

**2.5 CCA CEU credits SW, 2 RUP credits, MAEAP Phase 1 Education credit**

## Register:

[bit.ly/SIW25](https://bit.ly/SIW25)
