

# Static Project Entrepreneurship Auction

## What is Static Project Entrepreneurship?

Entrepreneurship combines **business concepts** and **creativity**. 4-H entrepreneurship programs can help you take an existing project to new levels or assist you in bringing a great idea to life while making a profit.

Entrepreneurship can be a career path and avenue to a successful financial future and being involved in 4-H entrepreneurship programs today can strengthen your existing skill set.

Entrepreneurial spirit is characterized by **innovation** and **risk taking**. Static Project Entrepreneurship is a class that allows youth who create crafts, foods, art, floriculture, woodworking, and other non-livestock projects the opportunity to sell their projects at a silent auction.

A project is eligible for the silent auction if the project received a blue or red ribbon in the project class, and the exhibitor completed the requirements of the Static Project Entrepreneurship class.
